INVITATION TO BID (ITB)

SECTION I

INTRODUCTION

1.1 GENERAL INFORMATION

The School Board of Levy County (hereinafter referred to as “The Customer”) is in need of procuring a connection to the Internet which will provide access to the desktop level for all schools and other locations in the district. The Customer herein requests proposals for these services as described in the attached specifications from interested persons (hereinafter known as “The Vendor”). The Vendor must submit a bid for all areas and show an integrated approach with respect to hardware, services, and support. Prices quoted shall be all inclusive. The Customer reserves the right to reject any and all proposals, waive any technicalities and award all or part of the contract in a manner that is in the best interest of the School Board of Levy County.

These services will meet the Federal Communication Commission (FCC) definition of “leased services” (paragraph 193 of FCC’s fourth Order of Reconsideration).

All aspects of this project must comply with the Federal Communication Commission’s competitive bidding requirement for Universal Service Fund (USF) support and services. In the event the School and Library Division (SLD) does not fund the Customer, the Customer will not be responsible for the E-rated portion of the cost. In the event the SLD has a change in policy of funding, the customer will not be responsible.

All upfront Capital Costs must be clearly delineated.

Vendor must be a certified Internet/Telecommunication Provider with the SLD.

1.2 SCHEDULE OF EVENTS

The following is the required schedule of events for the project. The schedule may change depending on the results of the responses and a final schedule will be established prior to contracting with the successful vendor.

Event	Date
1. Release of ITB to Bidders	28 November 2023
2. Deadline for Proposal submission	16 January 2024 2:00 PM EST
3. Bid Award Letter	To Be Determined
4. Installation Begins	Upon contract award date by the School Board of Levy County
5. Installation Completed	Internet Access should be in place and operational by July 1, 2024**

** Because e-rate funding runs from July 1st of each year, failure to have services installed and running by that date will cause the district to be faced with un-E-ratable, unrecoverable costs. Therefore, every effort should be made to ensure services are in place by July 1, 2024.

1.3 CURRENT SYSTEM AND CONNECTIVITY LOCATIONS

The School Board of Levy County is presently using a 4 Gbps connection provided by AT&T. The School Board of Levy County is interested in upgrading these services. The connection comes into the District office of the School Board at 480 Marshburn Drive, Bronson, FL 32621.
